EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Francis Hand on 7/13/04.

The application has been amended as follows:

Claim 5 line 12 after "being movable", insert ----- coaxially ---

Drawings

1. New corrected drawings are required in this application because figure 1 needs to be labeled as "Prior Art". Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

Allowable Subject Matter

2. Claims 1, 3-9, 11-15, 17-24 are allowed.
3. The following is an examiner's statement of reasons for allowance: per claims 1, 3-9, 11-14, prior art does not show a pin mounted transversely of and in one of the recesses of the catch,

Art Unit: 3637

the pin being movable coaxially away from the catch in combination with a first tubular member, a second tubular member, a catch mounted in one of the members and projecting into the other of the members, the catch having a plurality of recesses at an end projecting into the other tubular member; per claims 15, 17-24, prior art does not show a pin mounted in the second member transversely of a longitudinal axis of the second tubular member and in one of the recesses of the catch, a spring means coaxially mounted in the second tubular member for biasing the pin toward the catch and into a selected one of the recesses in combination with other claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
